

Dear Parent / Carer,

RE: COVID-19 National Testing Programme in Secondary Schools

A programme of in school testing for secondary pupils, who are attending school, has been rolled out across all schools with secondary aged pupils.

We have decided to offer this service to an secondary age pupil who attends any of the three sites within Brownhill Learning Community.

A rapid test, requiring your child to self-swab, is available in school and is voluntary. Some pupils have asked to participate with this and with written consent from parent/carers, this service will be available to all pupils from year 7 upwards.

If you would like your child to participate, please complete and return the consent form attached with this letter.

If you require further information on testing, please contact the staff identified below for the site your child attends.
