Foreword

Rochdale MBC aims to be recognised as a leader of diversity and equality in its work and as an example of good practice in the delivery of services and employment. This Single Equality and Community Cohesion Policy for Rochdale's schools reflects this ambition and outlines the activities which will deliver this.

Equality of opportunity and social inclusion issues will ensure that all school communities can truly benefit from and contribute to the improvements we are making, which will bring long-term and positive benefits for Rochdale Borough. Therefore the school's Single Equality and Community Cohesion Policy will require ownership by Governors, senior leaders, all staff, the school community and the pupils in order to succeed.

This policy serves essentially two purposes:

1. To set out a school's overall commitment to equality and community cohesion in one central document for past, present and prospective pupils. The Policy therefore contains the school's approach to all relevant protected characteristics of: **Disability, Gender, Gender reassignment, Pregnancy and maternity, Race, Religion or Belief, Sexual orientation**; and
2. How the school will manage, plan and include its Single Equality and Community Cohesion Policy within its day to day work.

Schools also have obligations as employers and a service provider against the protected characteristics of Age and Marriage and Civil partnerships. These obligations are not covered in this framework as this policy is concerned with a school's obligations to its pupils (mainly present and prospective pupils and where relevant former pupils and staff). Separate policy guidance covering recruitment and employment is available from Schools Personnel team and the Local Authority.

This Single Equality and Community Cohesion Policy will help schools ensure that they focus more on the outcomes that matter to pupils, community and people who use their services; and that their services are more accessible and delivered effectively. This policy provides a framework for the school to **eliminate prohibited conduct, advance equality of opportunity and foster good relations** in a proactive way.

The Single Equality and Community Cohesion Policy is based on the Equality Act 2010. Much of what is required of schools is already being carried out by them. The main new provisions in the Equality Act 2010 are:

- new disability discrimination provisions (direct disability discrimination, indirect disability discrimination and discrimination arising from disability)
- new protected characteristics
- new positive action provisions

Schools also have a "specific duty" to publish information around their equality objectives in an accessible manner.

Finally, as schools are already aware, avoiding discrimination and promoting equality supports the agenda of improving attainment and progression for all pupils. Good education and skills are crucial for opening up opportunities and increasing the chance of a successful life. Furthermore, Equality and Community Cohesion is an important part of OFSTED inspections through the Quality of Teaching judgement (Spiritual Moral Social & Cultural element) and need to be considered at all time.

Introduction

There were a number of statutory duties that the school was required to meet prior to the Equality Act 2010. As such, with the implementation of this act and the harmonisation of previous legislation, this policy will refer to the Equality Act 2010 and its various provisions as the legislative framework through which this Single Equality and Community Cohesion Policy will operate.

In the development of this Single Equality and Community Cohesion Policy Brownhill Learning Community has moved from a focus on an individual response to an approach that builds on **disability, gender, gender reassignment, pregnancy and maternity, race, religion or belief and sexual orientation** considerations from the start and at every level of the school, at strategic, policy, management and classroom level. We will demonstrate what we have done and what we plan to do to improve opportunities and outcomes for pupils, staff, parents and other users of the school. This policy will be monitored and delivered through the governors' role, School Improvement and Self Evaluation process.

We will ensure that every pupil irrespective of the protected characteristics is able to achieve high standards and that strategies are in place to tackle under-achievement. We will ensure that every pupil has access to the necessary support required to enable them to achieve their highest potential. We will ensure that the school's procedures for disciplining pupils and managing behaviour are fair, effective and equitable.

Our intention is to ensure that the adults working or volunteering in the school include as much as possible a balanced representation of the local and wider community. We believe that this will provide good role models for pupils from all backgrounds.

This Single Equality and Community Cohesion Policy will be linked to a joint action plan which sets out how we intend to implement the policy over the next three years.

Brownhill Learning Community sees this Single Equality and Community Cohesion Policy as a living document and we will continuously review the action plan in consultation with pupils, staff, parents, carers, governors and all other stakeholders where possible. We believe they need to be involved from the very start and their involvement will inform the preparation, development, publication, review and reporting of the policy and action plan to ensure that we meet the needs of people from different backgrounds.

This plan is drawn up in accordance with the planning duty in the Equality Act 2010: Schedule 10, Paragraph 3. It draws on the guidance set out in "The Equality Act 2010 and schools", issued by the DfE in May 2014. Paragraph 4.29 explains that schools must implement accessibility plans that aim to:

- Increase the extent to which disabled pupils can participate in the curriculum;
- Improve the physical environment of schools to enable disabled pupils to take better advantage of education, benefits, facilities and services provided;
- Improve the availability of accessible information to disabled pupils

We recognise the need to provide adequate resources for implementing this plan and will regularly review it. This document will outline our current status and future plans. The key objective is to reduce and eliminate barriers to access to the curriculum and to ensure full participation in the school community for pupils, and prospective pupils, with a disability.

A DEFINITION OF DISABILITY Children and young people have a disability under the Equality Act 2010 if they have: "... a physical or mental impairment which has a long-term and substantial adverse effect on their ability to carry out normal day-to-day activities." Equality Act 2010 Further information is provided in the "Special educational needs and disability code of

practice: 0 to 25 years” June 2014: “Long-term is defined as ‘a year or more’ and ‘substantial’ is defined as ‘more than minor or trivial’. This definition includes sensory impairments such as those affecting sight or hearing, and long-term health conditions such as asthma, diabetes, epilepsy and cancer. Children with such conditions do not necessarily have Special Educational Needs, but there is a significant overlap between disabled children and young people and those with SEN. Where a disabled child or young person requires special educational provision they will also be covered by the SEN definition.” ROLES Accessibility at Brownhill Learning Community is a shared responsibility. The Governing Body has a strategic role in agreeing the school’s plans and priorities. The Headteacher is responsible for implementing the school’s Accessibility plan and ensuring that regular reviews take place. This responsibility can be delegated by the Headteacher to an appropriate senior Accessibility employee with the school. The upkeep and maintenance of physical access facilities is the responsibility of the site management.

WHAT WE DO NOW Physical Access: We moved into our new school buildings in January 2014. The whole of the new constructed school building is wheelchair accessible, with the exception of the Year 11 site. There is a hearing induction loop in the reception and hall / performance area. All rooms are decorated to address requirements in their Light Reflectance Values (LRV) to contrast in colour and luminance between walls and ceilings and between walls and floors as well as doors and walls. All fixtures, fittings and controls are identified by texture and colour and luminance contrast.

Access to the curriculum: Disabled pupils and pupils with SEN are completely integrated within our school. They take part in mainstream lessons with the support of teachers and where allocated Teaching Assistants. Option choices at the end of KS3 are open to all but advice and guidance is provided to all pupils based on their strengths and skills and to secure the best possible outcomes for them.

Access to available information: differentiated materials can be provided for pupils with sensory impairments or dyslexia. The school is supported by Teams from Rochdale Additional Needs Service who provide advice and guidance and where appropriate monitoring visits for children and young people with disabilities.

WHAT WE NEED TO DO Physical access: the school will continue to take account of the needs of pupils and visitors with disabilities when planning and undertaking future improvements and refurbishments of the site and premises. Considerations will be given in areas such as improved access, lighting, acoustic treatment and colour schemes, and more accessible facilities and fittings.

Access to the curriculum: the school will review its provision to provide all pupils with a broad and balanced curriculum, differentiated and adjusted to meet the needs of individual pupils and their preferred learning styles. The school endorses the key principles in Section 4: Inclusion of “The national curriculum in England: Key stages 3 and 4 framework document” July 2014.

Access to available information: the school will constantly review its provision and the accessibility of information to disabled pupils. It will support the development of the role of a Teaching Assistant Level 3 with responsibility for pupils with sensory impairments and ASD to improve liaison with external agencies and direct support for pupils with disabilities

We will not tolerate any form of discrimination, harassment and victimisation directed at anyone because of their disability.

This Single Equality and Community Cohesion Policy incorporates our commitment and actions on disability equality. It demonstrates our commitment to addressing disability equality in our decision making and the delivery of education.

We are committed to promoting equality of opportunity for disabled pupils, staff and other users of our services so they can have equal access to all our school and its services. This policy is a statement of our commitment and shows clearly how we will work over the next three years to achieve our goal.

We will not tolerate any form of discrimination, harassment and victimisation directed at anyone because of their gender.

We recognise that stereotypes exist for both genders and some can lose opportunities because of these stereotypes and welcome the requirements of the Equality Act 2010 with specific provision for Gender Equality and we will give due regard to the need to:

We will not tolerate any form of discrimination, harassment and victimisation directed at anyone because they propose to undergo, are undergoing or have undergone gender reassignment.

We understand gender reassignment does not necessarily require a medical process to be undertaken and that a person will be protected because of gender reassignment if they:

- Make their intention known to someone at the school
- Start to behave or dress according to the gender they identify with
- Undergo treatment such as surgery or hormone therapy
- Have already received gender recognition under the gender recognition act 2004

The school will also respect the confidentiality of those seeking gender reassignment and will provide a supportive environment within its school community.

We recognise that race discrimination, harassment and victimisation may be experienced by all in a number of ways, including day-to-day interaction with fellow pupils, staff and visitors.

The School also recognises that Black, Asian and Minority Ethnic pupils and staff may experience discrimination on the basis of race, colour, nationality and ethnic origin. This discrimination can manifest itself in all areas of their lives and can have serious consequences

in terms of damaging people emotionally and physically and limiting life choices and opportunities.

The school and governing body does not tolerate any form of race discrimination which it recognises is unacceptable, discriminatory and unlawful, and is proactive in ensuring that people whatever their race, are treated fairly. Our commitment

Brownhill Learning Community is committed to promoting an ethos that safeguards the dignity and well-being of everyone and encourages practices that take into account the rights of individuals to be treated with dignity and respect.

We recognise that discrimination, harassment and victimisation on the grounds of religion and/or belief or non-belief may be experienced in a number of ways, including day-to-day interaction with fellow pupils, staff and visitors.

The school seeks to eliminate all forms of discrimination and prejudice based on religion and/or belief or non-belief, either direct or indirect, and is committed to treating staff, pupils and others fairly, regardless of their religion or belief and will not condone unfavourable treatment on this basis.

- There is a common vision and sense of belonging by all communities the diversity of people's backgrounds and circumstances is appreciated and valued
- Similar life opportunities are available to all, and
- Strong and positive relationships exist and continue to be developed in the workplace, in schools and in the wider community."

Our commitment

For a number of years, we have been committed to promoting community cohesion as part of the response to the legal duties outlined in previous legislation.

We understand that Community Cohesion is the process that should happen in all communities to ensure that different groups and individual people get on well together. It should also allow for new communities and existing communities to adapt and integrate with one another.

The school will promote community cohesion within a number of dimensions including:

- the school community
- the community within which the school is located
- the community of Britain
- the global community.

Our achievements

Teaching, learning and curriculum

Pupils at Brownhill Learning Community receive a broad and balanced curriculum, to meet the needs of pupils and fulfil national expectation. Due to the nature of Brownhill Learning Community, teachers are encouraged to respond to local, national and world events to promote cohesion within the locality. PHSE provides a key role in enabling pupils to make sense of the wider world and break down misconceptions.

Equality and excellence

The curriculum and extra-curricular activities at Brownhill Learning Community are open to all pupils. Staff strive to support young people to develop their potential, by supporting academic progress, as well as pupils to develop socially through sporting or leisure activities.

Engagement and extended services

Brownhill Learning Community employs both a welfare team and a youth team to encourage intersection between families and the school. The school also operates the growing relationship initiative to foster links with parents ([Growing Relationships](#)). The youth service promote a wide range of activities both in and out of school and school holidays to engage all pupils. Activities range from primary school play schemes to outdoor adventurous activities for upper school pupils.

Our aims and objectives

Brownhill Learning Community aims to create an environment where all pupils and staff alike can achieve their full potential. All parties strive to create a positive learning experience where young people recognise and understand their responsibility for the future. This is based on mutual respect and honesty between all parties and a curriculum which underpins this.

We will evidence our effectiveness for OFSTED by demonstrating:

A widely shared sense of the contribution of different communities to a shared vision

- A strong sense of individual rights and responsibilities within the school community.
- That all children and parents feel they are being treated fairly and have the same opportunities.
- That children trust the school to act fairly.
- We have strong and positive relationships.

Safeguarding & Building Resilience

Brownhill Learning Community is fully committed to safeguarding the welfare of all children and young people by taking all reasonable steps to protect them and build resilience in accordance with the DfE guidance.

This commitment is in line with our school's current [Safeguarding and Child Protection Policy](#) and applies to all adults, including volunteers, working in or on behalf of the school.

Preventing Radicalisation

The Counter-Terrorism and Security Act 2015 places a duty on specified authorities, including local authorities and childcare, education and other children's services providers, in the exercise of their functions, to have due regard to the need to prevent people from being drawn into terrorism ("the Prevent duty"). Young people can be exposed to extremist influences or prejudiced views, in particular those via the internet and other social media. Schools can help to protect children from extremist and violent views in the same ways that they help to safeguard children from child sexual exploitation, drugs, gang violence or alcohol.

The Prevent strategy aims to protect vulnerable people from being drawn into terrorism. While it remains rare for children and young people to become involved in terrorist activity, young people from an early age can be exposed to terrorist & extremist influences or prejudiced views. We recognise that as with other forms of safeguarding strategies, early intervention is always preferable. Our school is committed to working with other local partners, families and communities, and we will play a key role in ensuring young people and their communities are safe from the threat of terrorism.

We also recognise that our School has a duty of care to our pupils and staff which includes safeguarding them from the risk of being drawn into terrorism. Being drawn into terrorism includes not just violent extremism but also non-violent extremism, which can create an atmosphere conducive to terrorism and can popularise views which terrorists exploit. Prevent

can work within both violent and non-violent extremism arenas and can include topics such as hate crime, racism, bullying, on line safety and extreme political views.

Our School is committed to:

- Establishing a single point of contact in terms of safeguarding.
- Assess risk of students being drawn into terrorism.
- Train staff to recognise radicalisation and extremism.
- Refer vulnerable people to Welfare Team.
- Prohibit extremist speakers and events.
- Manage access to extremist material- ICT filters
- Be confident about British Values

We recognise that some young people, who are vulnerable to extreme views, may find it difficult to develop a sense of self worth and to view the world in a positive way. We also recognise that their behaviour may be challenging at times, and that some may cause offence or harm to others.

We will therefore always take a considered and sensitive approach in order that we can support all of our pupils by

- providing a safe environment for children and young people to learn and develop in our school setting, and
- identifying children and young people who are particularly vulnerable to extreme views / radicalisation, and taking appropriate action in accordance with the schools Safeguarding procedures with the aim of making sure they are kept safe both at home and in our school setting.
- making appropriate referrals to the Local Authority for early intervention and support where necessary
- ensuring that staff member(s) or governor(s) responsible for safeguarding are kept fully aware of their responsibilities, by attending relevant training and briefings
- letting staff, parents and pupils know how to voice their concerns
- responding to any allegations appropriately in accordance with appropriate school policies and procedures

Equality Impact Assessment

Equality Impact Assessments are a good measure to ensure the embedding of equalities and diversity. Impact assessments should be carried out covering all protected characteristics and they should identify both good practice as well as areas where your performance in ensuring diversity could be improved.

We are reviewing key policies, functions or procedures that have been assessed as relevant to meeting the duties set out under the Equality Act 2010.

The main system by which we will assess the impact of our current policies, functions or procedures will be through carrying out Equality Impact Assessments.

We need to understand whether our policies and services are meeting everyone's needs and that anyone who needs to can get access to them. To do this we undertake Equality Impact Assessments (EIA) to test how we are doing at the moment and what can be done better in the future. An EIA will decide whether a policy or service has a "positive, negative or neutral impact" on some sections of our school and local community. It will also be used to test future

policies or services. The impacts will enable us to take into account the needs of different groups of people who share one or more of the protected characteristics defined by legislation.

We will consult with the local authority where necessary and our staff and Governors who are responsible for carrying out these assessments have attended relevant training or will be attending future training as part of their role.

Examples of policies / practices:

- *Admissions Policy*
- *Attendance Policy*
- *Exclusion Policy*
- *Curriculum*
- *Healthy Eating Policy*
- *Behaviour Policy*
- *Careers/work experience Policy*
- *Anti-bullying Policy*
- *Violence and Aggression Policy*
- *Educational Visits and Trips Policy*

These policies are available on Staff Share (O :)> Staff Handbook>Policies and Procedures

Consultation and Information

- The school wrote the policy with guidance from Rochdale RMBC to ensure that it is fit for purpose.
- SLT shared the policy with all stakeholders before publishing.
- SLT will share the policy with Governors
- The policy will be displayed on the school website.

Publishing and raising awareness

We recognise that our Single Equality and Community Cohesion Policy is a public document that should be available to any interested stakeholder.

Specific Duty

Under the Equality Act 2010, we recognise that from April 2012, as a school, we also have a “specific duty” to:

1. Publish sufficient information to demonstrate compliance with the general equality duty every four years, with an action plan review on at least an annual basis. This can include information on the effect that our school policies and practices have on protected groups.

We will also:

2. Prepare and publish equality objectives in an accessible manner, to meet one or more aims of the general equality duty, and supporting the local authority in publishing relevant information to demonstrate compliance where necessary.

Examples of the types of information we will consider include:

- Information that was published before preparing our school objectives
- Information about the engagement undertaken when developing objectives
- placing the policy it on our website
- making it available on request

- providing a summary in our prospectus, including our vision and key priorities

Other arrangements for promoting and raising awareness:

- Staff can access key policies through the website
- Parents and governors can view policy through the website
- Policy is shared with RMBC
- Policy is given/explained to staff through Inset and briefings

Monitoring and evaluating the Single Equality and Community Cohesion Policy Action Plan

We will regularly monitor and evaluate the implementation of our Single Equality and Community Cohesion Policy Action Plan. We will report annually on our progress and performance. Our annual report will be shared with Governors and our School Improvement Partner. A summary will be provided for parents and published in our prospectus. Both will explain how the full report can be obtained. We will inform staff and pupils of our progress.

The findings of our annual report will be used to update the Single Equality and Community Cohesion Policy Action Plan and inform subsequent Equality and Community Cohesion Policies

We want this Single Equality and Community Cohesion Policy to be a ‘whole organisational’ document that drives forward equality and achieves improved outcomes. We will therefore ensure that the Action Plan is an integral part of our School Improvement Plan, and as such, our progress will have regular oversight by the senior leadership team and the governing body.

Information and data, both quantitative and qualitative, will be used to monitor and evaluate the implementation of the action plans including information on the school population, workforce recruitment, retention and progression, special initiatives, progress at key stage levels and targets and future plans will be reported on to ensure effective monitoring.

We will formally review, evaluate and revise this Single Equality and Community Cohesion Policy and Action Plan every three years, to set new priorities and identify new actions. This process will again involve staff, pupils, parents and governors who reflect the full diversity of the school community.

The school has a procedure in place for recording, reporting and responding to racist incidents. The school will continue to comply with the Local Authority procedure for monitoring racist incidents so that the information can be analysed. This procedure is outlined fully in the *guidelines for schools in combating and recording racist incidents*.

Breaches of the Policy

Breaches of this Single Equality & Community Cohesion Policy will be dealt with in the same way that breaches of other school policies are dealt with, as determined by the Head teacher and Governing Body.

If a member of the public feels that they have suffered harassment or been treated unfairly by the school because of their age, disability, gender, gender reassignment, marital status, pregnancy or maternity, race, religion or belief or sexual orientation, they should report this without fail through the School's complaints procedure.

Complaints by staff will be dealt with under the Grievance or Dignity at Work Policies, as appropriate. Monitoring complaints is also another way of gathering information to see whether we are meeting our equality duties. We will report annually on complaints made and action taken as part of monitoring the Single Equality and Community Cohesion Policy.
